### **DETAILED ACTION**

1. Claims 15-26 are pending in the following action.

#### ***Drawings***

2. Figures 1-3 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

#### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 15-26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Art Unit: 2111

5. As for Claims 15 and 22, there are limitations regarding actions taken by the resource nodes and controllers that include checking a condition (if the resource is in a free state, if permission messages have been received) and performing other actions. There is no indication that these subsequent actions are taken as a result of the condition checked or regardless of any checking operation. If one assumes the following actions occur based on the checking, it is not made clear if the actions occur if the condition is true or false. This makes in unclear what is meant to be covered within the scope of the limitations of the claims. Therefore, Claims 15 and 22 are indefinite.
6. As for Claims 16-21 and 23-26, they are dependent upon cancelled Claims 1 and 9. This makes in unclear what is meant to be covered within the scope of the limitations of the claims. Therefore, 16-21 and 23-26 are indefinite.
